

Product Information:  
**WORKSHOP PRO**  
**PREMIUM HAND CLEANSER**

**Description**

Premium Hand Cleanser is a premium grade hand paste based on natural ingredients and contains selected oils to maintain the skins moisture balance. The cleansing action is enhanced by the addition of special micro granules. Premium Hand Cleanser only uses biodegradable surfactants and is solvent free.

**Applications**

Premium Hand Cleanser is suitable for use in all areas and types of industry. It cleans deep into the pores, providing lasting skin-protection and replacing the skins natural oils. Premium Hand Cleanser will remove a wide range of products from soiled skin including oils, greases, tar, bitumen and printing inks.

**Directions For Use**

Rub a little Premium Hand Cleanser into dry hands to loosen dirt. Add a little water, wash thoroughly, then rinse well and dry.
